

# What Am I?

# Riddles

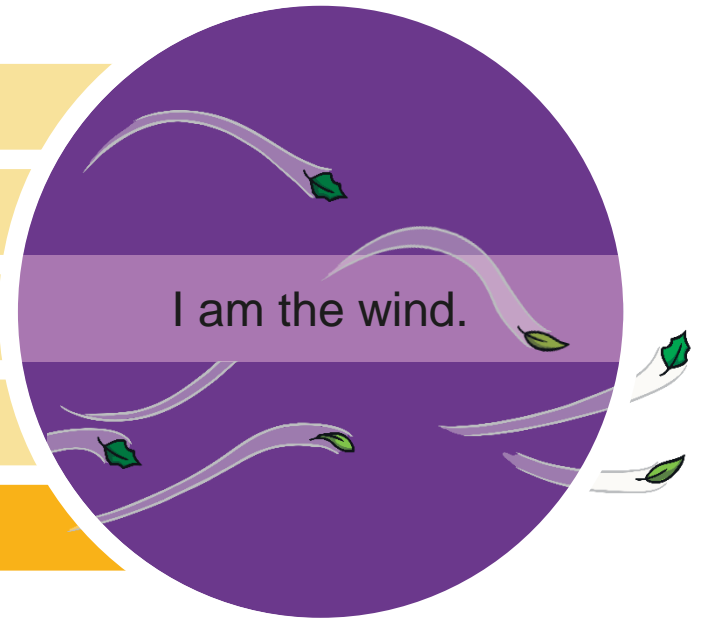

I can whistle, but I don't have a mouth.

I can move objects, but I have no arms.

I can be felt but I cannot be seen.

I blow leaves off trees.

What am I?

I am the wind.

# Riddles

I only arrive when it is cold.

Children usually love me.

I am fun to throw.

I come in flakes.

I am white and cold.

What am I?

# Riddles

My doors open in the morning and, while you are with me, it'll never be boring.

I am full of laughter and fun, and you will know lots by the time we are done.

I have lessons and books, classrooms and coat hooks.

What am I?

I am a school.
